

ECO SHEETS[®]

Ecosheets[™]

New generation
packaging of sausage /
delicatessen products

A nature-inspired foil as a gentle and innovative packing solution for fatty foods

The Ecosheets[®] foil cut is designed to be a complete substitute for the traditional high-volume paper, paper with laminated polyethylene film, parchment, wax paper, or other commonly used packaging of fresh food.

What is Ecosheets[®] manufactured from?

The main component is largely natural material - top quality calcium and other binders. The foil cut is completely recyclable.

Use

The foil cut is designed for easy packaging of sausage, delicatessen, cakes and pastries. With Ecosheets[®] the packaging is simpler, also thanks to its low weight, lightness, flexibility and possible application on both sides. The foil can be described with a pen and is weldable, the sheets do not adhere to each other and also retain their curved shape. It is much wider - foil cut in crates / boxes (under pizza, pastries, rolls, cakes), bags.

Features and benefits of the material

- + greaseproof
- + waterproof
- + in contact with sausage does not affect its taste like polyethylene (slimy)
- + ham lasts longer
- + cost-effective per piece for the customer
- + environmentally friendly
- + certified for contact with food

ECO SHEETS®

Through long-term development, we have created a **unique packaging** for the market. By virtue of its properties, it completely replaces the current, commonly used, absorbent paper sheets with a layer of polyethylene.

Ecosheets® keep meat cut product **fresh longer** without changing taste and smell characteristics. An important value of Ecosheets® is its environmental friendliness.

Technical information

* From an economic point of view, we recommend comparing the price for 1 piece of blank.

Dimensions	Color	Number of pieces per 1kg	Paper with a PE layer per 1 kg*	Content in carton	Pallet	Weight per carton
25x35 cm 23 g/m ² (1,97 g/pc)	white	508 pcs	200 pcs	5 000 pcs	50	10 kg
35x50 cm 23 g/m ² (3,94 g/pc)	white	254 pcs	100 pcs	2 500 pcs	50	10 kg
35x50 cm 35 g/m ² (7,97 g/pc)	brown	125 pcs		2 500 pcs	60	20 kg

Application: food packaging with a pH higher than 4.5. Minimum one-time order of products with individual printing: 300 cartons.
